RE: CG Docket No. 03-123

To: Chairman Martin;
Commissioners Adelstein, Copps, McDowell, and Tate

I am Deaf and I need Video Relay Service (VRS) in order to be able to place and receive phone calls with hearing individuals in my own native language – American Sign Language (ASL). I am writing to strongly urge the FCC to establish a new stable, reliable, and predictable VRS rate for the next three years. I know that a long-term stable rate will directly impact the VRS services that I rely upon.

Please set a fair VRS rate that encourages VRS providers to:

- Increase VRS access for all Deaf individuals through outreach programs
- Invest in the training and development of additional professional interpreters
- Improve VRS technology to provide reliable 24/7 and 911 services

Cutting the VRS rate would severely impact the quality of VRS, which I rely on for my communication needs.

Respectfully, Herminio Lopez

I dont have VP

Dear Sirs;

6/5/07

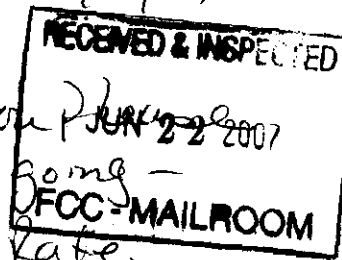

I am deaf & great needed (VRS) in order to be able place & get phone call w/ hearing people in my own native language (ASL). I am writing to you as that I strongly urge the FCC to set up a fair, reliable service VRS Rate! Please keep VRS up and running as I deeply rely upon.

Using VRS is much simpler than TDD/TTY. It is more smoothly than using the old method.

Please I am begging in the name of God, keep VRS going as I deeply needed the services. Thanks for your attention
(RE: CG Docket No 03-123) in this matter.
Carol Sanner

Dear Sirs;

I am writing to you ~~please~~
Keep VRS Services
Setup a fair VRS Rate.

I need VRS Services as I place
calls w/ hearing people in own
native languages (ASL) It is more
simpler to use the VRS Services
than TDD / TTY. Please I am

begging in the Name of God,
Keep VRS Service going as I
deeply rely upon. I hope
you will consider for all
deaf people who are needed as
I do for the VRS Services.

Please keep the VRS Services
going and smoothly as possible
thanks so much,

Carol Turner
